

Capability Statement Offshore Campaign Management

London | Boston

Delivering Excellence in Offshore Campaigns

Strategic Insight

At OCA we specialise in managing complex offshore campaigns for wind and marine infrastructure projects. Our consultants combine strategic foresight with hands-on execution to deliver safe, efficient, and cost-effective campaigns across multiple work scopes. From early planning through to offshore execution and close-out, we ensure seamless integration of logistics, technical requirements, and stakeholder objectives.

Value Delivered

By leveraging our deep technical knowledge and lessons learned methodology, OCA delivers campaigns that meet safety, quality, and schedule requirements while driving cost efficiency. Our transparent communication and proactive management empower clients to execute offshore works with confidence, ensuring seamless coordination, minimised risks, and continuous operational improvement throughout every project phase.

Services

Campaign Strategy

We deliver comprehensive campaign strategies that integrate planning, optimise vessel use, minimise weather downtime, and ensure environmental compliance. By applying lessons learned and robust risk assessments, we drive operational efficiency and continuous improvement throughout the project.

Interface Management

Our experts coordinate multiple contractors and project packages, clarifying responsibilities and streamlining offshore execution. Through proactive interface management, transparent communication, and contingency planning, we mitigate risks and prevent delays or cost overruns, ensuring projects are delivered on time and within budget.

Operations Support

We offer comprehensive offshore supervision, logistics and port operations planning, and rigorous post-campaign reviews. Our approach ensures safe, efficient execution and smooth project close-out, capturing valuable insights for future campaigns and empowering clients with confidence in their offshore operations.

Experience and Expertise

Delivering offshore excellence across the globe

OCA has a proven track record in campaign management for offshore wind projects, including multi-vessel operations, simultaneous activities, and interface management across foundations, cables, and substations. Our experience spans global markets, supporting developers in the US, UK, and Asia-Pacific.

We have successfully delivered campaigns for projects such as Vineyard Wind 1, Triton Knoll, and Formosa 2, where our roles included package management, offshore supervision, and contractor coordination.
